Leaders and managers should apply a pragmatic approach to managing who is or is not a close contact when following the testing, isolating and quarantine (TIQ) process.

STAFF OR STUDENTS WHO HAVE BEEN RECOMMENDED TO UNDERTAKE PCR TESTING OR WHERE THEIR SCHOOL/CLASS/ROOM/YEAR LEVEL HAS BEEN TEMPORARILY CLOSED AS A CIRCUIT BREAKER IN THE PAST WEEK, SA HEALTH ADVICE IS TO DO THE FOLLOWING FOR 7 DAYS:

- avoid attending OSHC and extra-curricular activities, excursions and camps
- avoid high risk settings or COVID Management Plan events

- wear a surgical mask around others (where age appropriate) and outside your home
- avoid working across worksites unless an approved risk management plan is in place (eg rapid antigen testing)
- avoid contact with vulnerable people outside of your workplace or family, where possible
- avoid non-essential activities where possible (eg where there are lots of people, inside, in close contact)
- avoid shared spaces and maintain physical distance.

*Students and staff who are a close contact cannot attend an overnight camp during the 7-day period following exposure.

^People who have recovered from COVID-19 will not be considered a close contact for 12 weeks after their release from isolation. After 12 weeks, you will still be considered a close contact if you are exposed to COVID-19 and meet the close contact definition.
